

APPLIED KINESIOLOGY STUDY PROGRAM, LLC
DIAGNOSTIC TESTS

October, 2004

URINE SODIUM AND CHLORIDES (KOENIGSBURG'S) AND URINE CALCIUM

(SULKOWITCH) TESTS: There are approximately 150-200 tests of each kind in the full kit. A shelf life of at least 2 years is expected, if the bottles are kept out of direct sunlight. Directions and guides to interpretation are included with order. Both Koenigsburg's and Sulkowitch

Tests.....\$99

KOENIGSBURG'S TEST only (4 silver nitrate and 1 potassium chromate).....\$80

SULKOWITCH TEST only (2 2 ounce bottles).....\$30

After your initial order of the complete test(s), individual bottles of reagents are available as follows:

2 oz. silver nitrate.....\$15 plus shipping

2 oz. potassium chromate.....\$18 plus shipping

2 oz. Sulkowitch reagent.....\$12 plus shipping

Shipping will vary according to the number of bottles ordered. You may call your order in to the number below and use your Visa or Mastercard.

LINGUAL ASCORBIC ACID TEST: There are 15 vials, each of which is mixed fresh (with distilled water which is included in the kit) as needed. Each vial is good for one week, if unrefrigerated, or up to one month if refrigerated. Each of the vials has approximately 70 tests.....\$49 plus \$6 shipping (\$55)

50 vials (economy kit).....\$79 plus \$6 shipping (\$85)

PLEASE ENCLOSE CHECK FOR TOTAL PRICE OR CREDIT CARD INFO
